

## RFP Consultant Questions

9/17

**Q: I just wanted to clarify that we are permitted to submit more than 3 examples of similar projects for the evaluation criteria for the North STO Trail Planning Study RFP. Page 9 out of 11 states to provide three examples.**

A: The 3 examples is a minimum (but the page count is still a maximum)

9/20

**Q: As we prepare our response, we had a few questions we were hoping you could answer for us:**

- **On page 7 of the RFP, it refers to "8½"x11" sheets." Can we use landscape (11"x8½") sheets instead?**

A: The limit is on paper size, not layout.

- **On page 9 of the RFP, it states, "Provide three examples of similar projects." Are we limited to three projects? Can we provide more?**

A: The 3 examples is a minimum (but the page count is still a maximum)

- **Will any covers used count towards the page limit?**

A: The package cover (title) sheet and cover letter are not included in the page limit.

- **The RFP states that preliminary engineering work for the NKHP east-west segment is anticipated to be approximately 25% design. Can you clarify what level of preliminary engineering is anticipated for other segments of the North STO Trail?**

A: Please see 3.0 Scope of Work for needed level of analysis and engineering.
